

Sage Abra HR

Ensure government compliance, simplify benefits administration, and manage employee information with Sage Abra HR. By automating and organizing human resource processes, Abra HR eliminates time-consuming clerical work and provides powerful tools for managing information about employees—your organization’s greatest asset and investment. Abra HR features benefits management capabilities that streamline benefits administration with unlimited benefits plans, easily defined eligibility criteria, benefit plan setup wizards, and more. Convenient features make it easy to readily access important personnel information such as job history, performance reviews, education, and employee attachments. Plus, Abra HR includes tight integration with Microsoft Office, making it easy to view and analyze data in Microsoft Word and Excel for on-the-spot decision making.

It includes robust reporting capabilities that satisfy virtually all of your compliance needs. For U.S. companies, Abra HR reporting tools include over 100 standard reports, such as OSHA compliance, EEO Reports, FMLA, and Vets-100, as well as a wide variety of benefit reports, compensation reports, and more. Compliance reports for Canada include Employment Equity (EE) audit reports, Occupational Health and Safety (OHS) reports, and Workers’ Compensation reporting. Abra HR also comes complete with Crystal Reports® for your more complex reporting requirements, as well as Abra Secure Query, an easy-to-use report writer that guides you through the query process in easy-to-understand steps.

When combined with Sage Abra ESS, Abra HR can significantly reduce the amount of time HR departments spend bogged down on routine paperwork. Whether your company is automating human resource processes for the first time, or upgrading to full-featured HR process automation, Sage Abra is the solution to reduce administrative overhead, save time, and decrease costs.
