

Sage Abra OrgPlus Professional

Easily assess your current organizational structure and respond to your company's changing needs with the industry-standard organizational charting software for companywide communication and planning. Sage Abra OrgPlus Professional helps you and your employees better understand your company's strategy and structure, as well as everyone's role in achieving organizational objectives. Abra OrgPlus Professional facilitates these objectives by including a variety of features, such as data management, organizational planning, and intuitive chart creation and formatting. Publish your charts directly to a Web site or your intranet, and refresh the data on a predefined schedule of your choosing with advanced publishing capabilities. With Abra OrgPlus Professional, employees and managers have easy access to up-to-date organizational charts that give them the information they need to understand your business and plan for the future. Managers can strategize for different business scenarios and measure their impact using built-in formulas to measure headcount, salaries, or other important planning information. Additionally, you can easily communicate your organizational structure to employees and centralize employee contact information.

Abra OrgPlus Professional also includes a variety of formatting tools that allow you to quickly create organizational charts that can be published in various HTML formats. With dozens of pre-defined chart templates and drag-and-drop functionality, you can easily customize organizational charts to meet your company's unique needs. And, you can further modify them with an array of design tools and visual effects, and create global views of your organization with multiple, customized tabs within one file.

From developing innovative products to providing award-winning customer support, Sage Software is dedicated to surpassing your expectations.
