\*Best Software changed its name to Sage Software effective May 2005. \*\*Revised figure. Last year's list included PeopleSoft's total number of clients, rather than just HRMS customers. The 2005 figure has been amended to reflect just HRMS within all Oracle product lines. \*\*\*Revised. Last year, Ceridian's figure only included Ceridian HR/Payroll Access Web. The new year-ago figure includes Ceridian HR/Payroll Access+SQL. Note: ADP, ranked No. 2 in 2005 and 2004, declined to participate this year. Sources: Companies
